

# I-Glo

**Colostrum**

THE BEST CARE FOR

**PEOPLE YOU LOVE**

No artificial  
flavouring

No artificial  
colouring

No preservative

75mg IgG

12% PRP

500mg Colostrum

**BOOST Your Immune IQ with PRPs,  
BALANCE Your Immune System!**

# Do you often get...

Colds

Sore  
Throat

Flu

Fever

Cough

Sneeze

Allergies

Running  
nose

Infections

Fatigue

Slow  
recovery

Slow  
wound  
healing

# SICK V

If you said **YES** to one of the  
above conditions, you may have a  
**weak immune system.**

Have you ever noticed...  
that some people

***fall sick more often than others?***

KEYPOINT:

How **STRONG** is your immune system?

# S HEALTHY

The **Immune System** is  
a natural powerful **weapon** to fight  
against **disease**.  
It is the **world's best doctor!**

The “ideal” **Immune System**,  
Must be able to...

- **RECOGNIZE** threats (pathogens)
- **RESPOND** rapidly and effectively to neutralize threats
- **REMEMBER** those threats when they return

Example: Chicken Pox

When you've been infected  
in the past you become  
**IMMUNE** to that strain  
because your body has  
information on how to defeat  
the threat.

There is a smart molecule in our body known as  
**Proline-Rich Polypeptides (PRPs)**, and  
they perform the functions that helps  
in shaping our **Immune System**

**INTELLIGENT – STRONG – BALANCE.**

# What are Proline-Rich Polypeptides (PRPs)?

PRPs = Immune System "IQ"

PRPs are a powerful immune **memory** molecule that forms the **core of your immune system's intelligence network**. PRPs store information about previous immune system encounters **threats** (pathogens) with bacteria, viruses and others.

## How PRPs Work for You?

PRPs load the immune cell with information about the threats.

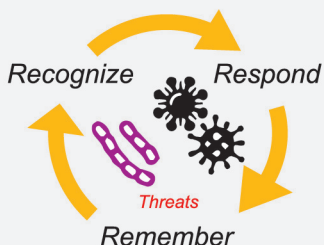

This loaded immune cell will update trillions of immune cells via 'texting' (cytokine release).

Upgrading the Intelligence Quotient (IQ) of the whole army of immune cells.

PRPs provide intelligence to the immune system and works in three important ways:-

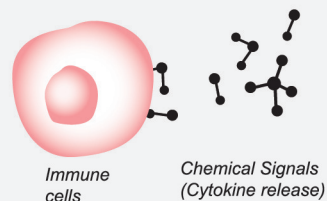

### 1. EDUCATE

PRPs act like a "teacher" to **EDUCATE** immune cells to recognize threats, and to respond and neutralize the threats quickly.

### 2. BOOST

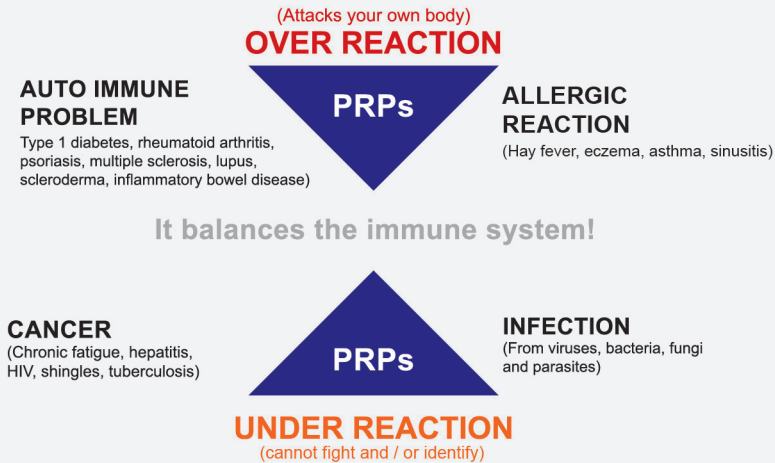

When threats are detected, PRPs act as a "signaling messenger" to activate the immune cells to **BOOST** the immune response.

### 3.BALANCE

PRPs **BALANCE** the immune system, by stimulating an underactive immune system or suppressing an overactive immune system.

### PRPs: Discovery a Potent Natural Immune Booster

Scientists have discovered that PRPs exist in colostrum. Bovine colostrum contains potent PRPs designed to prepare the newborn calf for the barnyard's toxic environment.

#### Did you know?

Bovine colostrums are **100 times** more potent than human colostrums. - Dr John F Ballard

The most important components of colostrums:-

# I-Glo Colostrum

## Your Best Choice of Immune Booster!

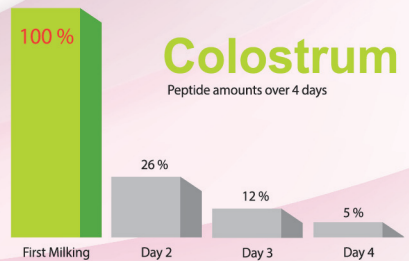

I-Glo Colostrum is a unique and proprietary formula designed to deliver immune-boosting compounds - Proline-Rich Polypeptides (PRPs) in a convenient chewable tablet to instantly go to work on guarding your health against foreign invaders.

I-Glo Colostrum contains a powerfully effective combination of ingredients:-

Boost up immune system	• Patented Colostrum Powder
Activate immune cell	• Grape Seed Extract • Fermented Soybean Powder (contain <i>Lactobacillus plantarum</i> )
Lower risk of infection	• Beta Glucan • Inulin

## Why choose I-Glo Colostrum?

- i. **The BEST quality colostrum source**
  - **USDA Grade A dairies**
  - Free of antibiotics, growth hormone & other contaminants
- ii. **The MOST leading and patented processes**
  - Produced under the **US patented technology**
  - Follows GMP and HACCP stringent standard
- iii. **The HIGHEST bioactive-nutrient-rich colostrum**
  - Collected from the first 16 hours of milking
  - Major Active Components:
    - > 75mg Immunoglobulin G (IgG)
    - > 12% Proline-Rich Polypeptides (PRPs)
- iv. **The GREATEST potency of PRPs content**
  - **Proprietary Liposomal Encapsulation Technology** to protect PRPs from the damage of digestion process

**High peptide levels** in first milking colostrum Vs later milking up to 4th day after birth

Certified by:

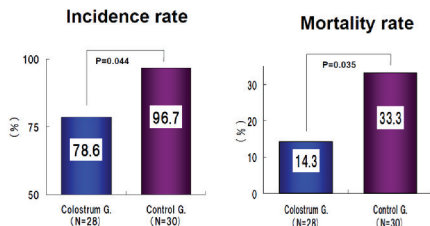

## Colostrum suitable for ALL generations

WHO	BENIFITS
Children	<ul style="list-style-type: none"><li>- Prevent infections and diseases</li><li>- Strengthen bones</li><li>- Promote healthy growth</li></ul>
Adults	<ul style="list-style-type: none"><li>- Enhance digestion</li><li>- Replenish nutrition</li><li>- Boost up immune system</li></ul>
Elderly	<ul style="list-style-type: none"><li>- Slow down signs of aging</li><li>- Speed up recovery process</li><li>- Improve intelligence and memory</li></ul>
Athletes	<ul style="list-style-type: none"><li>- Help burn fat</li><li>- Help build and retain lean muscle</li><li>- Increase strength and energy</li></ul>

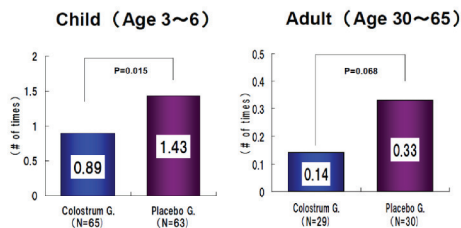

## Strong Evidence to Improve Your Health!

Colostrum reduced the **H1N1 Influenza incidence** of infection rate by **↓19%**, and reduced mortality by **↓132.9%**

Both in children and adults taking colostrum, showed reduction the **incidences of colds** by **↓38%** and **↓57.6%**, respectively.

# EXTRA-Ordinary I-Glo Colostrum that Works!

**Normal  
Colostrum**

Unique formula. <b>5 active ingredients</b> for better efficacy	<b>Formulation</b>	Contains colostrum only
US patented technology: <b>US 7547770 B2</b>	<b>Patent</b>	Seldom specified
USDA Grade A dairies, 16 hours first milking colostrum	<b>Quality</b>	Normal grade dairies, 24-48 hours milking colostrum
Higher bioactive components, with maximum bioactivity	<b>Nutrients</b>	Lower bioactive components,
PRPs <b>up to 40 times</b> more! <b>12% highest in the market!</b>	<b>PRPs</b>	Lower PRPs, some removed during filtration process
Taste good, fruity strawberry flavor	<b>Taste</b>	Milky taste
Convenient, easy to chew and digest tablet	<b>Product Form</b>	Mostly in powder form, need to dilute with water

**I-Glo Colostrum gives You the  
BEST PROTECTION  
wherever you go!**
